

July 10th-12th, 2009
Amsterdam, the Netherlands

State Of The Map 2009

The 3rd Annual International OpenStreetMap Conference
Hear from the community mappers who are driving a grass roots mapping revolution

The State of the Map 2009 will feature talks and workshops from the leading members of the OpenStreetMap community.

Hear first hand from the people who make the maps, write the code, design the cartography and lead the the world's largest open mapping community

- Find out about the latest developments in the OpenStreetMap world
- Get tips on using OpenStreetMap data and tools in your projects
- Relax and socialize in a friendly atmosphere with like minded mappers from around the world
